

Neuci

Neuci was a large part of our lives. Our black cat was very lucky. I received her from a teacher in high school in 1993 when she was a year old. She out lived many of my relationships and was my constant companion. When my daughter was born in 1997 she had another person to care for her. She passed away from a heart problem diagnosed Easter 2006. You will be so missed my girl!
