

Shadow

We lost our beloved 4 year old Shadow on 12-18-09 due to a major seizure. He suffered from epilepsy but otherwise was a very happy, healthy and loving member of our family. We will always remember the way he made us laugh, the way he stole our son's toys so that someone could play chase with him, and the way he always wedged in between my husband and I when we embraced. He loved us and protected us fiercely. He will always be in our hearts. See you at the Rainbow Bridge Shadow. We know you are waiting for us.

Love, your family Chris, Leslie & Trent Gutierrez
