

Snowball

I lost my beloved 14yr old cat named Snowball on 11/5/09.

Snowball had lung failure and she could not be saved.

She was my all and will forever miss her.

Snowball was a very unique and very spoiled cat.

She was practically a human being, I say.

She was my alarm clock in the mornings and will always

Remember her purring in my ear trying to wake me up.

I miss her terribly. There is not a day that goes by that I don't think about her.

I will always remember her waiting by the door every day waiting for my arrival from wk.

When exercising Snowball would sit by my side watching me break a sweat.

Her presence was my motivation to keep me going.

Snowball will always have a very special place in my heart and will never be forgotten.

Love you Snowball.....
