

FOR IMMEDIATE RELEASE

Terminally Ill Senior Dog Desperately Needs A Home

SA, TX (August 1, 2016) – The San Antonio Humane Society (SAHS) is looking for a permanent forever home for an 8-year-old Cocker Spaniel mix suffering from terminal heart disease. Mickey was transferred to the SAHS from Animal Care Services (ACS). The SAHS participates in a fantastic transfer program with ACS, and while we are constantly affected by the many wide eyed pets in need of a home, Mickey pulled at our heart strings.

Even though he is quite mellow for an 8-year-old, Mickey isn't what you would first think of when imagining a terminally ill pup. This gorgeous gentleman is looking for a dedicated family who will welcome him into permanent retirement. Honestly, he is mostly interested in being the family couch potato and due to his heart condition, it is highly recommended that he keep his activity level low (he's a fan of central A/C anyway).

The SAHS is looking for experienced dog owners who are familiar with Cocker Spaniels. Mickey's issues are unlikely to go away completely, so he needs a family ready to care for him in every way possible. He is definitely ready to find a family to settle into and with for the rest of his life.

Those interested in adopting Mickey or any of his canine or feline friends are more than welcome to come by the San Antonio Humane Society. They can also visit SAhumane.org and follow @SAhumane on [Twitter](https://twitter.com) and [Facebook](https://facebook.com) for pet photos and descriptions.

About The San Antonio Humane Society

The San Antonio Humane Society (SAHS) is a non-profit, no-kill organization that has served Bexar County and its surrounding areas since 1952. The SAHS is neither affiliated nor receives funds from the Humane Society of the United States. Every year, the SAHS shelters, medically treats, and rehabilitates more than 4,000 animals. Many are injured, abused, surrendered by their owners, or found as stray. All pets remain in our care until adopted. Our mission is to protect and improve the lives of dogs and cats by providing shelter, care, adoption, rescue, spay and neuter programs, and community education.
