

Coco and Doogie

I have two remarkable dogs to support me while I struggle to re-gain my health. Coco and Doogie, both adopted from the San Antonio Humane Society, have taught me so much. Here are just a few lessons I have learned from them.

1. Nap time is very important and you should do this as often and as long as possible!
2. Stay in the "moment" and enjoy it as much as you can!
3. "Unconditional" love is just as simple as that... there are no conditions!
4. Don't forget that when your people can't be here, we will be... because we just love to hang out with you!
5. When Daddy gets home, get as excited as we do just to see him come through that door.
6. Play and have fun - we are experts and can teach you!
7. When all else fails, just cuddle up and hold on to us, and we will comfort you.

Without the San Antonio Humane Society, I would not have Coco and Doogie to teach me these important lessons and to be by my side every day, every step of the way. Words fail to adequately express my gratitude for the gifts of these two precious animals and what they mean to me right now... so I will simply say once again...

Thanks to all the SAHS team from Coco, Doogie, my husband and I for making our "Connection for Life" possible.

Gratefully yours,
Pat
