

Patches

Hi, My name is Patches. I met the Gibson family on February 6, 2010 and I knew instantly they were the family for me. I wasn't able to tell them very much about me as I had only recently arrived at the San Antonio Humane Society. That's ok because my favorite saying is; "Yesterday is history, tomorrow is a mystery, but today is a gift - that is why it's called the present." I know as the newest member of the Gibson family we will have plenty of gifts to share. I kept my name because I didn't want to confuse them with a new one. Besides, Patches suits me because I have a black area around my left eye that looks like a patch. Once we got home it didn't take long for me to properly train them. Each day we take at least four walks to enjoy the neighborhood and explore new sounds and smells.

I have a very nice sleeping area, the stylish Hampton all wood Pet Crate. The food is really yummy, Nutro Natural Choice Ultra Puppy Food. No bi-products or artificial ingredients for me. Only the best will do. What can I say, I have to stay in shape when my best friend comes home from Kindergarten. He's six years old and full of energy - just like me, except I'm only ten months old. We run and play outside at our fenced in backyard. Sometimes we drive about a mile down the road and play at Mystic Park. His dad is retired, from the US Air Force, and stays at home - as he calls it - Mr. Mom. We spend a lot of time together. I must admit I might be a little spoiled, but I deserve it.

Every now and then I need the company of other dogs so I stay at the PetSmart Doggie Day Camp. I find that hanging out there twice a month fine tunes my social skills. All in all it's been a very exciting first three months. I look forward to many more. I've included a couple of pictures for your viewing pleasure. I know I speak for the entire Gibson family when I say thank you. We were all very happy with the entire adoption process. You guys were awesome!

Sincerely,
Patches Gibson
