**27<sup>th</sup> Annual Earthwise Living Day, “Wholesome Planet, Healthy You”, will be held on Saturday, March 5, 2016, from 9 am to 2 pm, rain or shine!**

This event is the longest running annual environmental event in Bexar County – the Earthwise Living Committee strives to bring awareness to all aspects of eco-friendly living, and thus the protection of our natural resources!

This year’s theme is “Wholesome Planet, Healthy You”, featuring exhibits and vendors for everyday healthy and eco-friendly living. There will be a children’s recycled art activity, children’s musical presentations, a style show, free trees from City Public Service, and much more. The event takes place inside the Leon Valley Community and Conference Centers, located at 6427 Evers Road.

A recycling drop off center for wine bottle corks, clothing, computers, electronics, scrap metal and expired medications will be available.

Door prizes, including Spurs tickets will be drawn throughout the event.

Please join us for a fun-filled and educational morning! Reduce, reuse, recycle – not just our duty, but a way of life!
