Brooks Pregnant Transfer 'Dolly' and Puppies Now Available for Adoption at the San Antonio Humane Society

(Thursday, May 30) San Antonio, TX On March 15, 2013 the San Antonio Humane Society transferred a pregnant Terrier mix named Dolly from the Animal Care Services Brooks Facility to the SAHS shelter. Three days later, after being thoroughly examined by our medical staff, Dolly went into foster care where her temporary family made sure she had everything she needed to have a comfortable delivery.

On March 27, Dolly gave birth to 7 perfect puppies. The puppies spent 6 weeks with mom until they were weaned and then additional 2 weeks in foster care following Dolly's return to the shelter.

While Dolly and her puppies once had an uncertain fate, now all will find loving homes, and soon! The 7 puppies will be available for adoption Friday, May 31st at 12pm noon at the San Antonio Humane Society, 4804 Fredericksburg Rd.

For more information: Visit SAhumane.org or call us at (210) 226-7461.

San Antonio Humane Society Info: *The San Antonio Humane Society is a non-profit, no-kill organization that has served Bexar County and its surrounding areas since 1952. Every year, the Humane Society shelters, medically treats, and rehabilitates over 5,000 animals that have been injured, abused, or abandoned until they are ready for adoption. Our mission is to protect and improve the lives of dogs and cats by providing shelter, care, adoption, rescue, spay and neuter programs, and community education.*
