

For Immediate Release

Spring Camp Humane Registration Open

SA, TX (Jan 25, 2017) – The San Antonio Humane Society (SAHS) has opened registration for its annual educational and animal-filled Spring Camp Humane. The camp takes place during Spring Break for children 8-10 years of age.

Campers receive a unique learning experience about the humane living and treatment of domestic, exotic, and wild animals through crafts, games, service projects, workshops, animal expert presentations, and hands-on animal experience.

SAHS Humane Educator, Sara Phippen stated “the mission of the SAHS Humane Education program is to create a more humane future for our city by teaching responsible and loving pet care and promoting respect and compassion for all living creatures in the hearts and minds of children, teens, and young adults within our community, and our camps are a big part of that mission.”

Spring Camp Humane begins Monday, March 13 and continues through Friday, March 17 from 9:00 am to 3:00 pm. Parents and Guardians interested in registering their children can do so online at SAhumane.org/springcamp.

For more info on Spring Camp Humane, including pricing and answers to frequently asked questions, please visit SAhumane.org/springcamp.

About The San Antonio Humane Society

The San Antonio Humane Society (SAHS) is a non-profit, no-kill organization that has served Bexar County and its surrounding areas since 1952. While many believe that the SAHS is affiliated with and receives funds from the Humane Society of the United States (HSUS), this is not the case. Therefore, donating locally solves a local problem. Every year, the SAHS shelters, medically treats, and rehabilitates approximately 5,000 animals. Many have been injured, abused, surrendered by their owners, or found as strays, and they remain in our care until adopted. Our mission is to protect and improve the lives of dogs and cats by providing shelter, care, adoption, rescue, spay and neuter programs, and community education.
