For Immediate Release

Lee Asher and His Six Rescue Dogs Are Making a Stop in San Antonio

The San Antonio Humane Society will be hosting the Asher House Meet and Greet Tuesday Afternoon

SA, TX (February 27, 2018) The Asher House is on a mission across the country! With his six rescue dogs in tow, Lee Asher is highlighting the importance of companionship and pet adoption and he'll be making a stop at the **San Antonio Humane Society (SAHS) Tuesday, February 27 from 4-7 p.m. for a special meet and greet.**

According to Lee, "There is not a breed you can't rescue, a life you can't change, or a dog I won't pet."

Traveling the forty-eight Continental United States with 6 rescue dogs in 1 RV, the Asher House has already made multiple stops at animal shelters in California, Arizona, New Mexico, and North Texas. At each shelter they visit, they feature adoptable dogs in need and available for adoption.

With a social media following of over 150,000 fans and a [Kickstarter campaign](#) that has raised over \$57k, Lee Asher's spotlight is helping many dogs—who have waited months for adoption—find their forever homes.

The SAHS, at 4804 Fredericksburg Road, is excited to welcome the Asher House as they continue their adventurous undertaking. The meet and greet is free to the public and is a special opportunity for followers to meet Lee Asher and his six canine companions.

Those interested in learning more about Lee's journey with his dogs can follow them [@theasherhouse](#) on [Facebook](#) and [Instagram](#).

About The San Antonio Humane Society

The San Antonio Humane Society (SAHS) is a nonprofit, no-kill organization that has served Bexar County and its surrounding areas since 1952. It is not affiliated with the Humane Society of the United States (HSUS) or the American Society for the Prevention of Cruelty to Animals (ASPCA) and does not receive regular financial support from them. Every year, the SAHS shelters, medically treats, and rehabilitates approximately 5,000 animals who have been injured, abused, surrendered by their owners, or found as strays, and they remain at the SAHS until adopted. Their mission is to protect and improve the lives of dogs and cats by providing shelter, care, adoption, rescue, spay and neuter programs, and community education. More information can be found at SAhumane.org.
