

Ellie

I just wanted to say thanks to the Humane Society and it's staff for making the adoption process so efficient. We adopted Cher on 5/01/2011 right at the end of the day. We have re-named Cher to Ellie, and as of the 2nd week of June she was officially potty trained. Ellie has had no problems adjusting to her new family, its as if she has been part of our family forever. We love this little dog so much!! She really is a great addition to the family and I'm so grateful to have her. I was debating on sending in a letter but I just wanted you all to know what a joy this little puppy is and how great of a job the Humane Society does.
