

## Fred

In July, we adopted a Basset Hound named Rocky. However, we changed his name to Fred and he seems to respond better to that. We did have a rough start because of his anxiety when he is left by himself but, keeping him in a crate has helped us out a lot. He has been such a great addition to the family and he is such a good boy.

He loves to cuddle with his family and he loves to take naps with his mommy. When his daddy is laying on the floor, he loves to go and give him kisses and lay next to him and watch tv. Fred gets very excited when his brother and sisters are home from school from their afterschool activities. Fred seems to love children very much and the children love him as well.

It has been a great experience adopting Fred. We look forward to the many years that are in future for us and the continuous bonding that we have with Fred.
