

Lilo & Lani

Hello, my name is Lynda. My boyfriend, Alex, and I adopted two kittens from the San Antonio Humane Society. First we adopted Lilo (Amy) in October 2010. She has been my best friend since the day we brought her home. She is very loving and playful, and she has really been a lot of fun. In June, 2011, Alex and I had moved to a much bigger place and decided that Lilo needed a friend to play with while we were at work all day. That is when we adopted Lani (Odie). We kept the two kittens separated for a few weeks, so Lani's scar from surgery could heal. They did not get along at first, but after a few months they are inseparable! Lani follows Lilo around everywhere, they groom, sleep, play, and eat together. When either of them is in the other room, they call for each other too, it is too cute! We are glad that we are able to provide a fun and safe home for our kitties. They are indoor cats, and they have a cat tower, tube, and numerous amounts of toys to play with! Lilo and Lani love us both, they even know when it is bed time and they come sleep

in their little beds in our room. Thank you SA Humane Society for
rescuing our pets!
