

Oscar

We rescued Oscar (previously known as Mack), an adorable grey and white kitten at the beginning of July 2011. He was immediately a very affectionate, loving and playful kitten. Since bringing him home, he has adjusted to family life very well. We have a 6 year old Miniature Pinscher, Chloe, who is constantly entertaining, wrestling and playing with Oscar. We also have 2 small children that love and adore Oscar, and he enjoys playing with them.

Oscar is an endless bundle of energy, but also just the sweetest, most cuddly kitten we could've asked for. He is always looking for a lap to sleep on.

Thank you to the San Antonio Humane Society for all that they do for all animals, and for providing us with such a sweet and loving family kitten!
