

## Nina

I adopted Nina from the San Antonio Humane Society in March of 2007. Growing up I was never able to have a pet so moving to San Antonio alone I knew I had to find a dog. I visited the Human Society and after laying my eyes on her, I immediately fell in love. A few weeks later I was able to take her home and I was so excited to finally have my own dog. We grew up together and I learned what having a special bond with your pet was all about. Living in a one-bedroom apartment trying to finish college, Nina kept me safe and we grew very close to each other. It's been almost 6 years since I adopted Nina, I've since then have graduated college and moved into my own home. Nina now has a yard to run in and we're still the best of friends. She stays by my side no matter what and I'm extremely grateful for the Human Society because I can't imagine my life without her. My boyfriend, Mark and I, love her to pieces.

Thank you for giving me this opportunity to share our story.

God Bless you!
