

Cairo

It's been close to 3 years since we adopted Cairo from the San Antonio Humane Society and we can't thank you enough. Since day one of bringing her home she was the most spoiled member of our home and hasn't lost that title after all these years. Cairo has grown into a 70lb "lap dog" that loves to snuggle and sleep in between us. When she's not in our bed, she has claimed ownership of the guest bedroom where she has the entire bed to herself and sleeps under the blankets.

Cairo passed the SA Humane Society's training class with flying colors and has since learned several new tricks. She likes going to the dog park and frequents doggy daycare where she has made lots of friends. During the summer, we take her to Guadalupe State Park where she can cool down during hot days and has become a great swimmer. She's also been camping with us, had her first beach experience and will be going on a Colorado road trip next year. Cairo is a family member in every way imaginable and we cannot imagine a day without her in it.

A big thank you to the San Antonio Humane Society for all the amazing work you do!

Lindsey
