

Claudia

Dreams do come true for shelter pets!

On September 16th during a trip to San Antonio, we stopped by the San Antonio Humane Society to make a donation in honor of our dog Chatham, who was adopted from the SAHS in 2006. We live in Orlando, FL and my husband wanted to see where our Chatties came from. Low and behold, we fell in love with Claudia and adopted her as a sister to Chatham. Can you imagine? One day you are scared and a little shy in the shelter and the next, you are on a plane on your way to your new home in Orlando! That's exactly what happened to Claudia. She went from being a stray on the streets of San Antonio to living 10 minutes away from Disney World! Claudia's new name is Allie Bama (my husband went to the University of Alabama) and she is already spoiled rotten and has so much spunk, life and a cute personality which shows through more and more each day we have her. Allie loves to play and has to take every single toy out of the basket, which makes our hearts happy. She has yet to meet her brother because we just got her on Monday and are following the shelter rules to keep them separate for at least ten days but we are positive they will love each other. Thank you SAHS for giving us not only one angel but two!
