

# Dixie

My name is Monica and this is my puppy Dixie (a.k.a Caitlyn). I've only had her for a few months and she is absolutely perfect! I can't imagine ever spending another day without her. It took her some time to adjust to the home she now has but now has the right amount of confidence and is absolutely loving. Adopting Dixie from the SA Humane Society center was one of the best life changing decision's I have ever made. Dixie loves to play and socialize with other dogs and her ALL TIME favorite treat is peanut butter! Thanks SA Humane Society for a beautiful best friend.
