

Jax

We adopted Jax (AKA Checkers) in Feb. 2010. We could not have asked for a better dog. He has the best personality and fits right in with our family. In a nutshell... He is crazy! He has a bad habit of taking over the cat's bed! I like to call it "55lbs of dog in a 10lb bag of sugar. We love him so much. Thank you for all that you do to help the animals.
