

Leela (aka Roxy)

This is my 1 year old pup Leela (previous name Roxy). I adopted her back in late February of this year. I remember being told that she was previously adopted by a family that had another puppy around her age. Sadly, they ended up bringing her back to the shelter, however, she ended up being mine shortly afterwards. She was only 3 months old when I adopted her and she is just the best! She is very friendly and loving and just wants to give kisses to everyone. I am truly thankful to have such a wonderful dog. I knew she was going to be mine when I first went to meet her. I was in the room with some other puppies, but everytime I'd pass by her kennel, she would always come up to see me. When I got to spend some time with her, she immediately took to me and my heart just melted! She is a part of the Guzman family now and always will be. Leela just makes everything better and I wouldn't change her for the world! Thank you San Antonio Humane Society! :))
