

# Puma

Hi SA Humane Society!

Just wanted to give an update on my little man! A year ago during the bad rainstorms, I was killing some time waiting on a friend when I decided to stop by and walk through the cat building. I didn't plan on it, but I fell in love with a little mustached tuxedo kitten who was named "Merlot" and instantly filed to adopt. He has since been renamed Puma (which is accurate considering how he loves to stalk, prowl, and pounce on anything that moves) and is my whole little world. Thank you for everything you do, for without you I wouldn't have found this little furball. (:

Elizabeth
