

## Zailey

Zailey is such a happy, precious fur baby! She spends her days playing with her fur sister, Gidget, & her fur cousins, Barsky & Severi. She listens to basic commands, sit, stay; she doesn't fully understand yet that it's not ok to potty inside. She is learning to use the doggy door though! When she's not playing she loves to sleep, preferably on a warm lap but the couch or bed will do as well, or her cousin's doggy bed which she has claimed for her own. And her human kid doesn't allow her out of his sight, BFFs.
