

Clark and Sierra

Hi! I adopted Sierra and Clark on Sunday of this week and they have made SO much progress in such a short time! We've had a few accidents, but they go outside well. They ripped up some carpet while a repair man was here and I was out grabbing take out, but I understand their anxiety. Other than that, they sleep on their big fluffy bed at the end of my bed all night without whining and play well with each other and my neighbors dogs! Clark actually has mastered going up and down stairs all by himself! He's been following me non stop while I unpack. I'll send more updates as we settle in!
