

Kaylee

Hello, I wanted to update you on a dog we adopted from you a year ago. We adopted Jaen (now named Kaylee). She is an absolute blessing to us. She has fit into our family perfectly. She goes everywhere with us, is loved by our entire extended family, our neighbors and friends. Everyone compliments on what a wonderful dog she is. She is very well mannered and came to us already trained! We cannot imagine our lives without her! Even the cats love her! Thank you so much for all you do for all the animals in your care! We are forever grateful for bringing our beloved Kaylee into our lives! - Anna
