

Layla

We adopted Layla two days ago. She is absolutely the sweetest cat. She is adjusting very well. She lets my little ones pet her and hold her and has NOT once hissed, growled or used her claws. She is such a sweetheart, her chosen place to sleep at night is sharing the bed with my four year old. She is truly the best cat. This was the first time I adopted an animal. I don't think I will EVER purchase an animal from a breeder or store again. The SA Humane Society it is!
