

X Reyna & Chocolate

Thanks to everyone for helping us adopt the perfect pet. We are enjoying her and have finally, arrived in Chicago. The cold weather or snow doesn't bother her at all, considering she's from Texas.

You gave her the name Xena. We call her X Reyna. She was found in the back yard of my in laws home. My husband and I surrendered, what you consider a stray dog. We couldn't stop thinking about her and decided to add her to our family. The older 1 is named Chocolate and is now her foster "MAMA". WE ARE THRILLED TO HAVE HER.

Mayo & Sara Rodriguez...
p.s. she now lives in Chicago. ;)
