

# Gremlin

We adopted Dexter (Gremlin) on April 27, 2015. I know that has only been 3 1/2 weeks ago, but we just wanted to give you a progress report. When we brought him home he weighed in at 2.6 lbs. Today he weighs 3.3 lbs.

Our Vet fell in love with him and tells us he is looks happy and healthy. Dexter may be small but he is a smart boy! He already knows "sit" and in most cases "wait". House training has been very easy because he loves to go outside with us. He is just a ball of energy and we can not imagine not having him part of our family.

Dexter has already been to his first grooming and we think he is most handsome and think you will agree!

Thank you SA Humane Society for our little Dexter!

Terri
