

*Gunner & Nike*

Hi, I'm Gunner, and about a month ago, I adopted my mom. Oh boy, was I in for a treat - the best big sister (Nike)! I quickly warmed my way into mom's heart, and even though she won't admit it, into my sister's heart. I am the annoying little brother to her, but she takes it so well, even when I jump on her. I even like sharing my sister's bed with her even though I have my own. Soon I am going to be able to visit nursing homes and schools, which I am so excited about because I love people. Mom says that she chose the perfect dog for her and my big sister, but really, I chose them.

Ok, back to cuddling with mom and sis!
