

Mr. Sirius Lee Black (*formerly Dylan*) – adopted September 2014

My husband and I adopted a puppy from the San Antonio Humane Society in 2010 and she is our angel! So naturally, when it was time to get a kitten we decided to adopt from SAHS again. We saw the cutest little solid black kitten and immediately fell in love! Little did we know we were fortunate enough to have picked the coolest cat EVER!!!!

Sirius is such a joy and so loving – now we can't imagine not having him in our life. He and our other cat Gus play together and groom each other and fight over who gets to snuggle the closest in bed..... and did I mention he likes dogs?! He just loves snuggling next to the dogs and has since tried to take over possession of the dog bed LOL!!! He even wrestles and snuggles with our puppy who is around the same age – the two of them are the best of friends!
