

Sugary

This is Sugary and we adopted her about 6 years ago. She lives up to her name and is so sweet. She had a lot of health issue when we adopted her, but now she is very happy and healthy. They said she was 9 when we adopted her, which would make her 15 now, but I find that hard to believe as she runs around like a kitten. She spends every day with me in my home office while I work and sleeps with me at night. I just love my Sugary!
Thanks for all you do.

Ali
