

Apple

This is Apple (you guys had her as Georgia) we adopted her back in 2012. She had a big sister Pie then and since she has gained 2 little brothers. Mr. Sprinkles her kitty brother, and Cin-e-man his one eyed baby brother. Both brothers were also rescued, with the baby having been hit by a car. She loves them all and will play when she isn't snuggled under the blanket. We love her and would not trade her for the world!
