

Darla

We adopted Darla in September last year. She was a little rough when we brought her home (scared of everything that moved, car rides made her puke, she didn't know how to go up or down stairs, she ate all our shoes and peed all over my good rug)

But now she is the best good girl! She loves cuddling, walks, her tennis ball and riding in the car!

She is so sweet and just wants love from everyone.

Thanks San Antonio Humane Society! We are glad to have her in our family!
