

Lucas

Update on Lucas (aka Inigo Montoya)!

He is such a sweetheart! He has truly changed my life. I did not expect for him to win my heart so fast! My biggest concern was not being able to potty train him, but to my surprise he was! He really enjoys when i pet him and going outside.

Everything amazes him. He was heart positive when i first got him and i was worried that this was going to be a problem. All i had to do is take him to his remaining vet appointments as it was all paid for. Not a problem! I could not picture my life without him. I am so glad i adopted him!
