

Sophie

I wanted to share an update with you. This is Sophie (formerly Morgan), I adopted her from you just over a year ago. She is thriving & has almost doubled her weight (she was emaciated when you found her running the streets). Since it's just the 2 of us she is quite the mama's girl but she does enjoy visiting her cousins which includes 3 dogs & 2 mini pigs. I'm so blessed that she rescued me!
