

Oliver

I adopted Oliver (Ollie) end of March. His shelter name was Theo. He is now just over 4 months old and growing big very quickly. He is a very happy and spoiled little dog. He is also very mischievous. He has a Poodle girlfriend, enjoys tearing up paper, chewing anything he can sink his teeth into and chasing balls. He also likes to cuddle and give kisses. He has brought my household alive again since my last dog passed away last June. Thank you for all you do for these loving animals.

I love him so much!
