

Ava

Wanted to share an update on a puppy adopted from SAHS. This is "Jewel", who is now named Ava and today is her birthday! She's 3 years old and full of life and energy. She was adopted from the humane society in April 2015 and found her forever home. She was apparently found with a broken leg and was a little scared of loud noises and sudden movements but she quickly warmed up. She brings such joy to everyone around her and you would never guess the hardships she faced by her wonderful and loving spirit!
