

# Dino & Barney

Here is my update: In August of last year, I walked into your shelter to just look while my friends considered adopting. Then, I saw Dino and Barney and they were snuggling on top of each other! They were inseparable and I loved them at first sight. So I adopted them both. I am so grateful I went with my friends that day. These little angels are the heart of my home and I will always be grateful to The San Antonio Humane Society for rescuing them. They still are inseparable and love to cuddle. They play together and have such an abundance of love to give!

Our family can't thank you enough.

I also want to add that Dino loves to pose for pictures, while Barney is a little less excited about them. Lol!! I love these babies and I know they love me and my family too.
