

Miley

April 18th we brought home Miley (formerly known as Rosalind) she was 4 1/2 months old and a hard to place little angel face (see pic next to the pool pic) nipper. She has brought so much joy to our lives and continues to blossom every day. All bad habits went away almost instantly and she has become a great sister to our kitty "Doofus ". You guys are amazing with everything you do and all you give.
