

Paisley

Paisley has been home for 10 days already. On Day 3 it was discovered that she skipped the potty pads and went straight to scratching the doors to do her business outside. (Phew... we got lucky) On Day 4 her first Vet visit was a success and the Veterinarian confirmed she was perfect... just as I thought. And every day since she's been home I can't get enough of her. She's been keeping me company at work in my office. Everyone there loves her. She is easily adapting to her sister Feebee. Happy Puppy Day Paisley
