

Riley

Hello,

I wanted to let the San Antonio Humane Society know how Riley is doing in his new home.

I met Riley when he was 7 months old a playful puppy who needed a foster home to recover from his surgery on March 21, 2017. When the time came to return him to the San Antonio Humane Society I would come by almost every week constantly to check up and say hello to him. I tried my hardest not to get attached to him I kept telling myself let him go to find his new family, but he already wrapped his paw around my hand and heart since the beginning of meeting me. On June 17, 2017 I adopted my sweet boy after a month of being on vacation at the San Antonio Humane Society he officially came home.

Thank you for taking care of my sweet boy. I appreciate everything the San Antonio Humane Society did while Riley was in your care.

Sincerely, Eliana
