

# Betty

Just wanted to give you guys an update, almost 2 months ago we adopted Betty (you guys probably remember her as Buffalo Sauce). She was shy and quiet and didn't seem to want to socialize much. Today, she is full of energy and excited.

She could not be a happier puppy! She has filled our house with so much happiness and my wife and I are so thankful we found her. Thank you for your help in adopting her.

Kevin and Julie
