

Engel

Hello!!

Here is our story...

We made a random visit to the San Antonio Humane Society in mid October just to look, not expecting to find Engel! Something about him just tugged at our hearts! Must have been those piercing eyes! He's been with us 3 months now and he has definitely made our family of 4 complete! He is such an awesome fur baby. He's gentle, very loving and listens and trains well! He gets so much attention at home, the Vet's office and out in public. I am thankful my children kept bugging that Saturday in October to visit the Humane Society. I have followed the San Antonio Humane Society's FB page for a while now and always smile at the updates. I am happy that I have my own story to tell! Engel's Birthday is coming up in February and we will be celebrating turning 1!!
