

Indi

On March 7th, my fiancé and I decided it was time we brought a four legged baby into our family. After searching around for a while we decided to come to the Humane Society. Here is where I found my sweet Indi girl. At the shelter her name was “Mary Poppins”, she was so shy and scared and nervous at first but we knew with a little love she would overcome that. Now, she loves cuddling and sleeping next to you, she never barks, she loves kids and other dogs, she enjoys car rides both long and short and she LOVES to eat (which she hardly did when we got her).

I could not imagine my life without Indi and I am so thankful to the Humane Society for saving her from the kill list so that I could find her. Today, after many many weeks of thinking it over, we will be picking up our second dog from the Humane Society. WE LOVE THE SA HUMANE SOCIETY!! <3
