

# Maisy

San Antonio Humane Society I adopted this beautiful boxer mix from y'all a little more than a year ago. She was named "Edel", but her name is Maisy now. She was underweight and lonely and I walked through your facility only to kill some time while traffic died down and fell in love. She's so healthy and happy now and so am I. Maisy is such a blessing to my life and is best friends with my elderly cat.
