

Paisley

Hello. I just wanted to give you guys an update.

Today marks our 1 year Anniversary since we adopted Paisley (originally Sally Brown). She is doing great and is living the good life. Paisley's hobbies are running with mom, playing with other dogs, car rides, cuddling, playing fetch, playing in the rain with her raincoat, sunbathing on the deck & chasing squirrels, birds & frogs(She finally learned her lesson and has left the skunks alone, after 3 tomato soup baths in 1 week lol) . She loved the snow. She was running from one side of the fence to the other really fast back and forth, she did not want to come inside.

She loves kisses and hugs. We could not be any more blessed. She is my best friend, coming home after a long day is the greatest feeling ever.

Erica
