

Riley

Hi San Antonio Humane Society. I know you see a lot of negativity regarding neglect, abuse, and homeless animals. So I just wanted to share a happy story on a dog that I adopted as a student of Triple Crown Academy in Hutto, Texas. That dog, Riley was brought into your shelter in April of 2011, found as a stray, infested with fleas, was eventually brought to Triple Crown Academy because of his intense ball drive. Well, I adopted him as a student like I said, and is our beloved pet of almost 7 years. He is spoiled, loved, and makes us laugh everyday. He is also very smart, and has a Nose Work Two title in scent detection. Thanks for saving him and helping to bring him into our lives!

Judy
