

Sparkle

I came into the San Antonio Humane Society just to look. It was in Sept of 2010 and I had just lost my Mother to an unexpected Stroke. She was to come out for her Birthday but never made it. Also my beautiful beloved diluted Calico of 16yrs had Cancer and I was to help her cross when I got the call that my Mom had her

stroke. So I had to help my baby cross then get on a plane and then go see my Mother in the Hosp whom passed 45min after my arrival. To top things off my Father passed away four months prior in May. So needless to say my year was not a good one. I was feeling down and wasn't sure I was really ready for another cat so soon but when I saw that precious face looking at me I couldn't resist. The staff was so welcome and helpful. Her name was Renah but in light of everything going on in my life I felt I needed a little "Sparkle" in my life and that is what I named her. She has been a constant Sparkle & Joy in my life. She loved her Sissy Squeaker for the 7yrs she was here with her. Sparkle will be 8yrs young this Sept. Thank you all for bringing such joy to my life and everyone you touch in profound ways.
