

Stella & Sky

Hello there! My boyfriend and I have in the past year adopted 2 precious pups from the San Antonio Humane Society in the past year and I thought I would share a few photos of how well they are doing. First up is Stella, who you may remember as Marcie, we rescued Stella early March of last year and she is the most beautiful, loyal, playful pup we could ever ask for. Next up is Sky, who you may remember her as Padme with the cute underbite. Sky was very skinny and afraid of everything when we first got her. We adopted Sky in July of last year and since then we have learned that she loves to sleep under any blanket you give her, and absolutely adores her sister Stella, who teaches her everything! We couldn't be more thankful for the San Antonio Humane Society for our two precious pups! We still to this day do not know how they lived without each other.
