

# Zailey

Good morning!! Here's an adoption update: 5 years later. Zailey went from a city dog to an island dog lol! We moved to Galveston a little over a year ago and this girl absolutely loves the beach! She recently discovered she enjoys "the lap dog life" & being held/carried. She doesn't realize she's much bigger than her little sister. We also recently got a clean bill of health during her annual checkup :) :).

Happy 5 year adoptionversary <3<3
