

Kaiser

Hello, my name is Nina and I just recently adopted from your facility.

First and foremost I just want to say thank you for your kindness & allowing my friends from the Rustic as well as myself to help out and volunteer! It was such a warming and touching experience.

When I came in that Monday, I didn't expect a dog to steal my heart let alone any animal. When I saw Kaiser, he did that and more. Especially after walking him and seeing his need for life and adventure!

There was just something about him that tugged at my heart and pulled me in.

That same day I went to my friend (crying my eyes out) knowing that I could not just leave him there alone, wondering why nobody wanted him. I also got worried that since he is a senior dog, he would never get adopted. The next day after volunteering I signed his adoption papers and later that week, thanks to you and your amazing team, he came home to me that Thursday. It is still taking a bit of time to adjust but from seeing him in a kennel versus now, it is a big change of love and happiness.

I have never met a dog more grateful, loving and happy than Kai (Kaiser as his full name). At any time of the day, from dusk to dawn, he is always constantly smiling. His smile never leaves his face! In a matter of just a few days he has taught me how to take on the world with a smile, to always stay positive no matter how bad life may seem or have been & he has taught me a love deeper than I could ever imagine.

I am so grateful to have crossed paths with him. He has filled a void in my heart & has made me want to be a better person. I love this little old man so much, I'm so so very lucky. I do believe that God made him for me.

I just thought I would share his story with you along with a few pictures (in the next email "a great story part 2). Thank you so much for taking him into your amazing facility, I am eternally grateful for everything that y'all do to help animals in need. <3
